## FRIENDLY REMINDERS

- Students should follow the school dress code when attending field day & the dance. Check with Lisa Ard if you have questions about outfits!
- There is NO hot lunch delivery on early release days.
- Write your child's name in their jackets, hoodies, & lunch boxes so they don't lose them.

Dear SeA family,

As we communicate with students, we encourage students to think of school as their job. Just like a professional job requires dedication, effort, and responsibility, a student's role is to show up prepared, work hard, and keep learning every day.

Here's what that means:

- ✓ Be on time and ready to work – Just as employees are expected to be punctual, you should arrive at school on time and prepared to learn.
- ✓ Take responsibility – Your education is in your hands. Put in the effort, ask questions, and seek help when needed.
- ✓ Stay organized – Keeping track of assignments, deadlines, and notes is like managing tasks at a job. Good organization leads to success.
- ✓ Show respect and professionalism – Treat teachers, classmates, and school staff with the same respect you would expect in a workplace.
- ✓ Effort leads to success – Just like in a career, the effort you put into school will determine your results. Hard work and perseverance will pay off!

Our students education is the foundation for their future, and the habits they build now will carry over into their career and life. Help us remind students to treat school like a job, helping set themselves up for a successful future.

Let's finish out the year strong!

*Dr. Lewis W. Cox*
