See School Website for 22-23 Academic Calendar

Pledge of Allegiance

The Pledge of Allegiance shall be said every morning along with the School Pledge prior to the start of the academic School day. Individual students may choose to refrain from reciting the Pledge but will be expected to maintain proper decorum while others participate (G.S. 115C-47 (29a)).

Equal Education Opportunities

The School provides equal education opportunities for all students and does not discriminate on the basis of race, gender, disability, nationality, or religious affiliation. The School adheres to the legal obligations and requirements under section 504 of the Rehabilitation Act of 1973 and the Individuals with Disabilities Act Amendments of 1997, including identification, evaluation, and provision of an appropriate education.

Compliance with Other Laws

The School shall comply with all applicable federal laws and regulations, including but not limited to such laws and regulations governing employment, environment, disabilities, civil rights, children with special needs, transportation, and student records. The School shall comply with all applicable health and safety laws and regulations, whether federal, state or local. Neither the State Board of Education nor the local board of education assumes the duty to oversee the operations of the School except as may otherwise be required to monitor the charter School for compliance with applicable laws and regulations. The School is required to notify parents, students and staff of the provisions of this paragraph.

Health, Safety, and Immunizations

I. Garrett's Law

NCGS 115C-375.4 mandates that at the beginning of every School year, local boards of education shall ensure that School provide parents and guardians with information about meningococcal meningitis, influenza, Human Papilloma Virus (HPV) and their vaccines. This important information is available online for parents/guardians at www.southeasternacademy.org

II. Medicine

Medical Administration: Over-the-counter drugs will be not administered by School personnel without the permission of parents. A "Request for Medication Administration in School" form must be completed and submitted by the parent/guardian to the School office. Any medication must be signed in by the parent/guardian with the School office. Medication will not be accepted from the student.

Only necessary medications that must be given during regular School hours will be administered.

All medications, whether prescribed or over-the-counter, require written permission from the custodial parent. They must complete the Medication Administration Permission form (one form per medication). The form must be renewed each School year or upon any change in medication or dosage.

Though we encourage a physician's written permission in all cases, a physician signature is required under the following conditions:

- Any possession or use of an inhaler or epinephrine injector
- Any self-possession or self-administration of any medication

Parents must include any prescribed treatment or care plan. An emergency care plan from the physician is required for asthma and epinephrine medications.

Prescribed medication must be delivered to the School in the original container prepared and labeled by a pharmacy. The label must include the dosage and frequency of administration. Over-the-counter medication must be in the original package and have the student's name affixed to the package.

The medication supplied to the School must be in the exact dosage prescribed, so the individual administering medications is not responsible for dividing or splitting pills. All medication must be picked up by the parent at the end of the School year or upon a student's withdrawal. Any medication not picked up will be discarded.

If a parent is accompanying his/her child on a field trip, the parent will be required to administer the child's medication.

III. Health Assessments

Health Assessments: In compliance with North Carolina law, all students entering kindergarten must present a health assessment (physical exam report) by the first day of School entry. The assessment must have been completed within 12 months of School entry.

IV. Immunizations

Immunizations: In compliance with North Carolina law, parents/guardian must present certification of immunizations on the first day of School entry. If documentation is not presented, parents and/or guardians have 30 calendar days to provide documentation or the student shall be excluded from School until proof is presented. According to North Carolina state law, every student must present the following information by the time of School entrance. If the student is entering from another North Carolina School, he/she must submit an immunization record at registration. Students from out-of-state have thirty (30) days to comply. Failure to comply will result in exclusion. If you have a religious belief or your child has medical issues which preclude immunization, you are required to provide documentation.

Student Admission and Leave Procedures

Admission Policy

(G.S. 115C-238.29B(b)(4); G.S. 115C-238.29F(d)(1))

Southeastern Academy Charter School will be open to any child who is qualified under the laws of North Carolina for admission to a public School. To qualify to attend a North Carolina public School, a student must be a resident of North Carolina. County boundaries or School attendance areas do not affect charter School enrollment. Southeastern Academy does not limit admission to students on the basis of intellectual ability, measures of achievement or aptitude, athletic ability, disability, race, creed, gender, national origin, religion, or ancestry or any other characteristic protected by law.

Publicize Admission Policy

Southeastern Academy Charter School will publicize admission procedures. The School will have an admission process with pre-announced enrollment period and deadlines. All student enrollment process and details, including deadlines for applications, lottery date, registration requirements, and waiting list enrollment information, will be publicly available and announced at the School website and office. Southeastern Academy Charter School will publicize enrollment throughout Robeson County with flyers, newspaper ads, websites, mailings and open house.

Enrollment and Application Policy

During each period of enrollment, Southeastern Academy Charter School will accept applications for new students. Once enrolled, students are not required to enroll in subsequent enrollment periods. Open space is determined by the number of current students planning to return. The School may give enrollment priority to siblings of currently enrolled students who were admitted to the School in a previous year and to the children of Southeastern Academy Charter School staff or board members of the charter School. This is assumed that the total number of students allowed under this exemption will represent only a small percentage of the School's total enrollment.

The enrollment application will begin the first School day of February and end on the close of the last School day of March. The School shall enroll an eligible student who submits an application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. If the number of applications exceeds the number of available spaces, a lottery will be held to fill vacant seats for the next School year. After seats are filled, the drawing will continue to determine the order of a waiting list. Any application received after the enrollment period is NOT entered in the lottery, but is added to the end of the grade level waiting list on a first-come, first-served basis. Lottery procedures will comply with NC Open Meeting Law provided in G.S. 143-218.10(a) by publicizing the date and location of the meeting and allowing anyone to attend.

Lottery Policy

Lotterease is an independent automated lottery system that the school uses to manage their lottery and wait list. Since Lotterease is an independent system, the school staff do not have the ability to manipulate or adjust the lottery outcome. They must work within the requirements of the system.

In addition, all activity that takes place with your application is tracked in a history log that you can view at any time by logging into the parent portal.

Parents will go to lotterease.com online to register their child/children for the lottery. They will have the option of currently enrolled sibling preference, multiple birth siblings, and school employee students that are currently in place. The application period will last from February and March. The lottery will be held in April. On that day, the staff and a local official, not affiliated with the school will be on campus to initiate the program online. This will be able to be viewed by all who want to attend the lottery. The program will instantly notify the parent and/or guardian via phone or email, based on what they requested when they filled out the application online.

After completing the acceptance by lottery, Southeastern Academy shall have a specified and reasonable, timeframe in which the accepted applicants must reply to the school clarifying their decision to accept or decline continuation of the enrollment process. The school's enrollment policy, including all time frames will be declared on the original application completed by the applicant.

If multiple birth siblings apply for admission to a charter School and a lottery is needed under G.S. 11 5C-238G(g)(6), the charter School shall enter one surname into the lottery to represent all of the multiple birth siblings. If that surname of the multiple birth siblings is selected, then all of the multiple birth siblings shall be admitted.

(See website for full policy)

Withdrawal

Students who are planning to withdraw from School should report to the Administrative Assistant with their parents in person prior to leaving Southeastern Academy Charter School. The student will report to the records office to receive the appropriate withdrawal form. Students must return all textbooks, pay all outstanding debts, obtain the required signatures, and return the completed withdrawal form to the records office before the withdrawal process is complete. When a student transfers to another School and requests transfer of student's records to new School, Southeastern Academy Charter School will fulfill this request with appropriate written documentation.

Board of Director Policies

Attendance Policies and Procedures

Southeastern Academy Charter School recognizes that regular attendance is one of the most significant factors in school success and educational achievement. Therefore, the Board encourages and strongly supports every effort made to have students at school and present for all classes in order that they might benefit from a quality education. Student, parents/guardians, and all school personnel are encouraged to recognize and fulfill their individual responsibilities in keeping with laws, regulations, and school policies governing the attendance of students in school. Regular Attendance by every student is Mandatory by NC General Statute 115C-378 whereby “every parent, guardian or other person in this state having charge or control of a child between the ages of seven and sixteen (who is enrolled in a public school or charter school in grades K-12) shall cause the child to attend school continuously for a period equal to the time which the public school the child is assigned shall be in session.”

Definition of Attendance: All children are expected to be in school attendance each day unless they are ill or there is an emergency. To be considered “in attendance” a student must be present in school for at least one-half of the school day or a place other than the school with the approval of school officials to attend an authorized school activity. One-half of the school day is defined as:

1. Present until 11:30 a.m.
2. Present from 11:30 a.m. until the end of the school day

State of North Carolina and Charter School Board of Trustees Attendance Policy states that any student with more than fifteen (15) absences (excused or unexcused) may be retained the following year. Parents may appeal the decision if a medical condition exists which may have prevented normal attendance.

Definition of an Absence from School and Procedure to Follow when Returning from an Absence: An absence is defined as missing half of the school day as defined above or more. In compliance with North Carolina Compulsory attendance law GS 115C-378, all absences require parent documentation explaining the child’s absence. The documentation from parents should state the student’s name, date(s) of absence, and parent/guardian signature. The notes are to be given to the student’s homeroom teacher on the morning the student(s) return from an absence(s). Students may also have their parent/guardian send an e-mail to the homeroom teacher for their absence to be considered excused. Failure to provide a note within three (3) days of returning from an absence will result in the absence being coded unexcused. It will be the responsibility of the administration to determine if the absence is excused or unexcused.

Excused Absences: In accordance with state policy, absences from school will be excused for the following reasons:

1. Illness/injury
2. Quarantine
3. Death of an immediate family member
4. Medical or dental appointments (a note from doctor/dentist office is required to verify appointment)

Any additional days (over the **five** handwritten/parent notes) must be excused with a doctor's note. Students must return all excused notes within **three (3)** days of returning to school; otherwise the day will remain unexcused.

Excessive Unexcused Absences:

Fifth (5th) unexcused absence: - Notification letter sent to parent/guardian that all remaining absences must have a doctor's note

Ten (10th) unexcused absence: A notification letter sent to parent/guardian. The school has discretion to confer with Department of Social Services to determine whether any action should be taken to address the absences.

More than ten unexcused absences will cause a review by the administration as to whether the student continues to attend Southeastern Academy Charter School.

Waiver Procedures: A parent/guardian or student may apply to the principal for a waiver of absences (excluding suspensions) due to extenuating circumstances. This request must be submitted in writing. The parent/guardian and the student shall be notified in writing of the decision of the principal on whether or not to grant the waiver. The parent/guardian or student shall have ten (10) school days from the date of receipt of such notification to appeal the principal's decision to the Board of Trustees pursuant to the Southeastern Academy appeal policy.

Make-Up Work from School Absence: Students are responsible for and they are permitted to make up work missed during an absences. All work must be made up within FIVE (5) school days following the student's return to school unless the teacher or administrator determines that extenuating circumstances might support an extension of the time. THE STUDENT IS RESPONSIBLE FOR FINDING OUT WHICH ASSIGNMENTS, QUIZZES AND EXAMS WERE MISSED AND COMPLETING WITHIN THE SPECIFIC TIME PERIOD. Students who are absent due to suspension from school will be provided an opportunity to take any examinations missed. The Southeastern Academy Administration can determine what, if any, other make-up work the student will be permitted to complete during the suspension.

Tardy to School: A child who arrives to school after 8:00 am will need to be signed in at the front office by a parent or guardian. **Ten (10)** unexcused late arrivals, after 8:00 am, **and/or** early dismissals, before 3:00 pm, or a combination of both, will count as **one (1)** unexcused absence. Bus Transportation Policy

Charter Schools are not required by state law to provide bus transportation for their students. However, Southeastern Academy Charter School offers a bus transportation system. Every effort is made to provide students with safe, efficient transportation. Bus routes and stops are established with the safety of students in mind. The bus route will be determined by the School administrator. Any requests for changes should be directed to the School administrator. The bus driver(s) cannot accommodate requests for changes to the bus route without approval from the School administrator.

Students must abide by all School and bus safety rules as stated in the Discipline Policy. Students who misbehave or violate School or bus safety rules may lose their opportunity to ride the bus. Please remember bus riding is a privilege and should not be abused.

The buses will travel to centralized stops. The bus route will be available from the School office and website. In the interest of safety and efficiency, parents must meet the buses at the designated time each morning and afternoon. Repeated failure to do so may result in the loss of bus privilege.

Due to limited space on our buses, transportation is not guaranteed. Parents interested in using the bus for transportation for their child(ren) to and from School should inquire at the time of enrollment or with their letter of intent to return. If the number of interested applicants exceeds space available, a lottery will be held to determine riders.

Priority for seat availability will be given to:

- Bus riders from the previous year

- Siblings of bus riders from the previous year (even if newly enrolled)

Therefore, students who rode the bus the prior year and wish to continue will **not** need to enter their name in the lottery. If student names are in the lottery and there are siblings, all the siblings will go under the last name as one. If that name (with the multiple sibling names) is pulled, the whole sibling group gets spaces on the bus.

Bus/Van Rules

There are certain rules that each student must abide by to afford everyone the opportunity to have a safe and comfortable bus/van experience. Everyone must understand that riding the bus/van is a privilege that may be suspended or revoked if rules are broken or continually abused.

The following rules apply to students riding the bus/van to and from School as well as those riding during field trips, sporting events, and any other extracurricular activities.

1. Be courteous. Use no offensive language.
2. Respect the rights of others.
3. No eating, drinking, or smoking on the bus/van.
4. Do not throw paper or trash on the floor or out the windows of the bus/van.
5. Keep the bus/van clean.
6. Cooperate with the driver.
7. Do not be destructive. This means do not tear, write on, or cut the interior or exterior of the bus/van.
8. Keep hands, feet, and your head inside the bus/van at all times. Stay in your seat at all times while on the bus/van.
9. Seats may be assigned. The designation of seats will be left to the discretion of the bus/van driver.
10. No yelling, screaming, or loud noises while riding the bus/van. There will be no gestures or yelling from the directed toward cars, people, and/or pedestrians outside the bus/van.
11. Be on time! The bus will leave the pick-up area on time! Failure to stay on schedule makes others late for their arrival time at School or the next stop. Students left will need to be brought to School.

Failure to obey these rules or any subsequent bus/van rules will result in bus/van riding privileges being suspended or revoked.

In addition, even if so exempted, employees or Board members who will derive a direct benefit from a Southeastern Academy Charter School contract, transaction or decision but who are not involved in making or administering the same shall not attempt to influence any other person or entity who is involved in such actions.

Business dealings and contracts with outside firms also should not result in unusual gains for those firms and shall not result in any gains or direct benefits for employees or Board members, including kickbacks, bribes, bonuses, fringe benefits, promises of employment, and other windfalls designed ultimately to benefit either the outside firm, employee(s) or Board member(s) involved, or both.

Except as otherwise specified above or by applicable state or federal law, employees and Board members who have influence over transactions involving Board purchases, contracts, leases or business matters must disclose the existence of any actual or potential conflict of interest in writing to the Board Chairperson and the school administrator, if and as applicable, as soon as possible so that safeguards can be established to protect all parties. All employees or Board members with knowledge of any actions that may violate this policy should also contact the Board Chairperson or school administrator as soon as possible regarding the same.

Failure to make advance disclosure of potential conflicts of interest or to otherwise abide by the requirements set forth in this policy may result in disciplinary action, up to and including discharge for an employee or removal from the Board for Board members.

All policies or procedures set forth herein shall be consistent with federal law, including the Gun Free Schools Act, the Individuals with Disabilities Education Act and the Rehabilitation Act of 1973.

The following due process procedures only govern the suspension or the expulsion of a student from the School's regular educational program. If a student charged with violation of the Student Code of Conduct/Honor Code has been returned to the regular School program pending a decision, then such action of reinstatement shall not limit or prejudice the School's right to suspend or expel the student following that decision.

I. Suspension of Ten School Days or Less (Short Term Suspension)

As a general rule, prior to any suspension of the student, the principal and/or his/her designee shall provide the student with the following due process:

1. The student will be informed of the charges against him/her by the end of the workday during which the suspension is imposed when reasonably possible but in no event more than two days after the suspension is imposed. Notice shall be given by any method reasonably designed to achieve actual notice.
2. If the student denies the charges, the principal and/or designee shall provide the student with an explanation of the evidence.
3. The student shall be provided an opportunity to explain his/her version of the facts.
4. If, after providing the student with his/her due process rights, the principal and/or designee determine that the student has engaged in a prohibited act under this Student Code of Conduct, the Honor Code or any written School policy, then he/she may impose a disciplinary penalty of a suspension not to exceed ten (10) days. The principal and/or his/her designee, shall inform (in person or by phone) the student's parent of the suspension and of the reasons and conditions of the suspension. The student shall be provided the right to take home textbooks, complete homework assignments and an opportunity to make-up exams. A decision to suspend a student for ten (10) or fewer School days is final and not subject to further review or appeal.
5. If a student's presence in School poses an immediate danger to persons or property or an ongoing threat of disruption to the educational process, the principal and/or designee may immediately suspend the student, and as soon thereafter as reasonable, provide the student with his/her due process rights as set forth in this section.

II. Suspension for Eleven (11) or More School Days (Long Term Suspension)

- A. When a student is recommended by the principal for long-term suspension, the principal shall give written notice to the student's parent. The notice shall be provided to the student's parent by the end of the workday during which the suspension was recommended when reasonably possible or as soon thereafter as practicable. The written notice shall provide at least the following information:
1. A description of the incident and the student's conduct that led to the long-term suspension recommendation.
 2. A reference to the provisions of the Code of Student Conduct that the student is alleged to have violated.
 3. The specific process by which the parent may request a hearing to contest the decision, including the number of days within which the hearing must be requested.
 4. The process by which a hearing will be held.
 5. Notice that the parent is permitted to retain an attorney to represent the student in the hearing process.
 6. The extent to which the local board policy permits the parent to have an advocate, instead of an attorney, accompany the student to assist in the presentation of his or her appeal.
 7. Notice that the parent has the right to review and obtain copies of the student's educational records before the hearing.
 8. A reference to the Board policy on the expungement of discipline records.
- B. Written notice may be provided by certified mail, fax, e-mail, or any other written method reasonably designed to achieve actual notice of the recommendation for long-term suspension. All notices described in this section shall be

written in plain English, and shall include the following information translated into the dominant non-English language used by residents within the local School administrative unit:

2. The process by which the parent may request a hearing to contest the long-term suspension.
3. The identity and phone number of a School employee that the parent may call to obtain assistance in understanding the English language information included in the document.

C. No long-term suspension shall be imposed on a student until an opportunity for a formal hearing is provided to the student. If a hearing is timely requested, it shall be held and a decision issued before a long-term suspension is imposed, except as otherwise provided in this section. The student and parent shall be given reasonable notice of the time and place of the hearing.

1. In accordance with N.C. G.S. 115C-390.7(c), if no hearing is timely requested, and the student recommended for long-term suspension declines the opportunity for a hearing, the Board shall review the circumstances of the recommended long-term suspension. Following such review, the Board (i) may impose the suspension if it is consistent with board policies and appropriate under the circumstances, (ii) may impose another appropriate penalty authorized by board policy, or (iii) may decline to impose any penalty.
2. If the student or parent requests a postponement of the hearing, or if the hearing is requested beyond the time set for such request, the hearing shall be scheduled, but the student shall not have the right to return to School pending the hearing.
3. If neither the student nor parent appears for the scheduled hearing, after having been given reasonable notice of the time and place of the hearing, the parent and student are deemed to have waived the right to a hearing and the Board shall then review the circumstances of the recommended long-term suspension. Following such review, the Board (i) may impose the suspension if it is consistent with board policies and appropriate under the circumstances, (ii) may impose another appropriate penalty authorized by board policy, or (iii) may decline to impose any penalty.

D. The formal hearing may be conducted by Board, or by a person or group of persons appointed by the Board to serve as a hearing officer or hearing panel. The Board shall not appoint any individual to serve as a hearing officer or on a hearing panel who is under the direct supervision of the principal recommending suspension. If the hearing is conducted by an appointed hearing officer or hearing panel, such officer or panel shall determine the relevant facts and credibility of witnesses based on the evidence presented at the hearing. Following the hearing, the Board shall make a final decision regarding the suspension. The Board shall adopt the hearing officer's or panel's factual determinations unless they are not supported by substantial evidence in the record.

E. Long-term suspension hearings shall provide students procedural due process including, but not limited to, the following:

4. The right of the student, parent, or the student's representative to question witnesses

appearing at the hearing.

6. The right to have a record made of the hearing.
7. The right to make his or her own audio recording of the hearing.
8. The right to a written decision, based on substantial evidence presented at the hearing, either upholding, modifying, or rejecting the principal's recommendation of suspension and containing at least the following information:

G. Unless the decision was made by the Board, the student may appeal the decision to the Board in accordance with Step 3 of its Grievance Policy. Notwithstanding the provisions of N.C.G.S. 115C-45(c), a student's appeal to the Board of a decision upholding a long-term suspension shall be heard and a final written decision issued in not more than 30 calendar days following the request for such appeal.

H. Nothing in this section shall compel School officials to release names or other information that could allow the student or his or her representative to identify witnesses when such identification could create a safety risk for the witness.

I. The Board's decision to uphold the long-term suspension of a student is subject to judicial review in accordance with Article 4 of Chapter 150B of the General Statutes. The action must be brought within 30 days of the Board's decision. A person seeking judicial review shall file a petition in the superior court of the county where the board made its decision. Local rules notwithstanding, petitions for judicial review of a long-term suspension shall be set for hearing in the first succeeding term of superior court in the county following the filing of the certified copy of the official record. (2011-282, s. 2.)

III. Expulsion (N.C.G.S. § 115C-390.11.)

A. Upon recommendation of the principal, the Board may expel any student 14 years of age or older whose continued presence in School constitutes a clear threat to the safety of other students or School staff. Prior to the expulsion of any student, the Board shall conduct a hearing to determine whether the student's continued presence in School constitutes a clear threat to the safety of other students or School staff. The student shall be given reasonable notice of the recommendation in accordance with Section IA and IB above as well as reasonable notice of the time and place of the scheduled hearing.

1. The procedures described in Section A apply to students facing expulsion pursuant to this section, except that the decision to expel a student by the Board shall be based on clear and convincing evidence that the student's continued presence in School constitutes a clear threat to the safety of other students and School staff.

2. The board may expel any student subject to N.C.G.S. 14-208.18 in accordance with the procedures of this section. Prior to ordering the expulsion of a student, the local board of education shall consider whether there are alternative education services that may be offered to the student. As provided by N.C.G.S. 14-208.18(f), if the Board determines that the student shall be provided educational services on School property, the student shall be under the supervision of School personnel at all times.
3. At the time a student is expelled under this section, the student shall be provided notice of the right to petition for readmission pursuant to N.C.G.S. 115C-390.12—(Requests for Readmission).

B. During the expulsion, the student is not entitled to be present on any School property and is not considered a student of the local board of education. Nothing in this section shall prevent a local board of education from offering access to some type of alternative educational services that can be provided to the student in a manner that does not create safety risks to other students and School staff.

An expulsion results in exclusion from School and all extracurricular activities. The Board must find that the student presents a "clear and convincing" threat to the safety of others. A student may seek re-admission to the School after the first July 1 more than 6 months after the decision to expel.

D. A 365-day suspension is a denial to a student of the right to attend School and to take part in any School function for a full 365 days. The Board must suspend a student for 365 days for weapons and bomb threat violation. The Board must suspend a students for 300 – 365 for assaults which seriously injury a teacher or other employee. The Board may suspend a student for up to 365 days if a student 1) assaults a teacher; 2) assaults a student, if witnessed; 3) assaults and seriously injures another student; 4) other threats/false reports; 5) Other actions deemed worthy of a 365 suspension as determined by the principal.

Discipline of Students with Disabilities: The School complies with all state and federal law in the discipline of students with disabilities. The discipline and due process provisions set forth above will be modified to comply with the laws regarding students with disabilities.

Search and Seizures:

The School will conduct a search if the principal (or principal designee) has a reasonable suspicion that a violation of the Honor Code of Conduct or Code of Conduct has occurred. When determining the nature and scope of the search, the principal (or the principal designee) will consider the age and sex of the student as well as the nature of the act of misconduct. The search may include the student's person, backpack, purse, pockets, shoes, and/or other personal property, including cell phones and electronics. A physical search of a student's person will only be searched when there is a reasonable suspicion that the student has an illegal weapon, drug and/or alcohol on his/her person.

When conducting searches, the principal or his/her designee may seize any illegal or unauthorized items, items in violation of board policy and/or School policies or rules, or any other items reasonably determined by the principal or his/her designee to be a potential threat to the safety or security of others. Such items include but are not limited to the

following: contraband, controlled substance analogues or other intoxicants, dangerous weapons, explosives, firearms, flammable materials, illegal controlled substances, poisons, and stolen property. Law enforcement officials shall be notified immediately upon seizure of such dangerous items or items that Schools are required to report to law enforcement agencies. Any items seized by the School principal or his/her designee shall be removed and held by School officials for evidence in disciplinary proceedings and/or turned over to law enforcement officials. This includes any electronic devices involved in activities in violation of the School code of conduct. The parent/guardian of a student shall be notified by the principal or his/her designee of removed items.

Grievance Policy

The Southeastern Academy Charter School Board of Directors would like to offer the following Grievance Policy as a guide for parents and guardians to solve possible grievance issues in the most effective manner. The grievance policy may be used to address any situation occurring within the operation or normal procedures of the School which causes a student and/or parent to believe he/she has been wronged, except in the case of long-term suspension. This policy serves as a guideline, but the Southeastern Academy Charter School Board of Directors has the final decision in all matters that take place under the direction of Southeastern Academy Charter School.

The following procedure will be followed whenever a parent has a particular grievance:

STEP 1: (TEACHER CONFERENCE) The parent/guardian is to set an appointment to meet with the teacher or staff member involved in the grievance. The teacher and/or the parent/guardian may request that the Principal or his/her designee be present.

STEP 2: (PRINCIPAL CONFERENCE) If the issue is not resolved then the parent/guardian may ask for a meeting with the Principal.

A. A grievance shall be made in writing and filed with the Principal as soon as possible, but in no longer than ten (10) School days after disclosure of the facts giving rise to the grievance. The grievance shall include a statement describing the grievance and naming the specific policy, rule or law believed to be violated.

B. The principal shall grant the conference within five (5) School days following receipt of request. The principal shall schedule the conference and communicate the time of the conference to the parent in writing, letter, email or text message. The conference can be in person or via telephone. Only the parent or guardian or someone acting in loco parentis shall be permitted to join or represent the student in the conference with the principal.

D. After the conference, the principal will state his/her decision in writing to the student and parent within five (5) School days following the conference.

STEP 3: (APPEAL TO BOARD OF DIRECTORS) If the issue remains unresolved or the parent is not satisfied with the outcome of the Principal Conference and the grievance involves a violation of School policies or law, the parent/guardian is requested to write a letter of grievance within ten (10) School days following the response from the principal addressed to the Southeastern Academy Charter School Board of Director's Chair, 12251 NC Hwy 41N, Lumberton, NC 28358.

The Board, through the office of the Chairman, shall designate a Board committee to receive, review, and make a determination of the appeal from the Principal's decision. The designated committee shall meet within ten (10) School days following the receipt of the appeal. The student and parent shall have the right to be present and present their grievance. The principal shall also have the right to be present. The Board committee's decision shall be determined to be final and shall be conveyed, in writing, to the student and parent with copies to the principal.

Southeastern Academy Charter School believes that all decisions are made with the best interest of the child in mind. We as adults have the right to disagree, but the children are why we are here.

Electronic, Phone and Internet Policy

Electronic Devices

Cell phones and all other electronic devices must remain turned off and in backpacks throughout the School day. Any electronic device used inappropriately will be confiscated and returned to a parent/guardian at the end of the School day. Second offenders will receive further consequences and will lose future electronic device privileges. Southeastern Academy Charter School will not be responsible for lost, stolen, or broken items.

Telephone and Cell Phone Usage

Students are not permitted to make phone calls except in cases of emergency or by teacher request. Students who need to use the telephone must have approval from their teacher. It is requested that all travel and after-School plans be made ahead of time in order to keep the School telephones available. As outlined above, students bringing cell phones to School must keep them in their backpack throughout the School day. Cell phones are not the responsibility of the faculty and staff at the School. Students who disregard the cell phone policy are subject to disciplinary actions. Please do not call or text your child's cell phone as it is against School policy for students to use them during School hours.

Technology Use Policy

Students are offered access to the School computer network for creativity, communication, research, and other tasks related to the academic program. All use of computers, furnished or created data, software, and other technology resources as granted by School are the property of School and are intended for School business and educational use. Students are to use the computer network responsibly. The use of the network is a privilege, not a right, and may be revoked if abused. The user is personally responsible for his/her actions in accessing and using the School computer network and the School's technological resources.

The School educates students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response.

Privacy: The School reserves the right to monitor Internet traffic and to retrieve and review any data composed, sent, received, or stored using the network or Internet connections, including e-mail. Users do not enjoy any expectation of privacy when using any technology or transmissions originating within or around School property.

Bullying: The School prohibits cyber-bullying, an act involving the use of information and communication technologies, pursuant to state law, including but not limited to e-mail, text messages, blogs, instant messages, personal Web sites, on-line social directories and communities (e.g., Facebook, MySpace, Wikipedia, YouTube, Instagram, SnapChat, etc....), video-posting sites, and online personal polling Web sites, to support deliberate or repeated hostile behavior, by an individual or group, that is intended to defame, harm, threaten, intimidate, or harass students, staff members, or the School during or outside School hours and on or off School premises.

Materials and Language: Use of or accessing profane, abusive, pornographic, obscene, and/or impolite materials or language is not permitted. Accidental access should be reported to the instructor immediately. Intentional circumvention of web-filtering is prohibited.

Installing/Copying: Students are not to install or download any hardware, software, shareware, or freeware onto any media or network drives. Software installed by anyone other than the network administrator will be removed. Downloading of non-work related files is permitted only with an instructor's permission. Students may not copy other people's work or intrude into other people's files. All copyright laws must be respected. Use of any other organization's network or technology resources via the network requires the instructor's permission and must comply with the rules appropriate for that network.

Access: Users may not access the computer network without proper authorization. Users are to use their own username and password when using a computer. Users must log off the computer when they are finished with their work and are not to log on to a computer for someone else or tell others their password. Students are to notify the instructor if someone else is thought to know his/her password.

Data Protection: Users must not attempt to damage or destroy equipment or files. Though efforts are made by School to ensure the safety and integrity of data, School makes no warranties of any kind, either expressed or implied, for the service it provides. School will not be responsible for any damage to data.

Storage: Users are to delete their files and materials they no longer need.

Printing Resources: Paper and toner are costly, and excessive use is wasteful. Documents must be proofread before printing. Users are to print only the needed part(s) of documents. Students must obtain permission from an instructor before printing documents.

Internet Use Policy

Using the computer correctly and responsibly is very important. If I want to use the School's computer equipment I need to act as a safe, secure, and responsible cyber citizen. The key word to remember is RESPECT!

The World Wide Web is a vast collection of resources readily available to any user on any computer connected to the Internet. School integrates the use of these resources into student instruction. Students Internet usage is permitted only in the presence and supervision of a teacher, the child's parent, or other designated adult School personnel. School is not responsible for the accuracy or quality of information obtained through the Internet or the School computer network.

Some material accessible via the Internet contains illegal, defamatory, inaccurate, or potentially offensive language or images. While the School uses Internet resources to achieve educational goals, there is always a risk of students accessing other materials. However, we believe that the benefits of using technology outweigh the disadvantages. Teachers are trained in the appropriate use of technology with students, but ultimately, parents of students are responsible for setting and conveying the expectations regarding the use of media and information sources at home and at School.

The Children's Internet Protection Act (CIPA) is a federal law enacted by Congress to address concerns about access to the Internet and other information. Under CIPA, Schools must certify that they have certain Internet safety measures in place. These include measures to block or filter pictures that (a) are obscene, (b) contain

child pornography, or (c) when computers with Internet access are used by minors, are harmful to minors. Schools subject to CIPA must adopt a policy such as this to monitor online activities of minors and to address (a) access by minors to inappropriate matter on the Internet and World Wide Web, (b) the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications, (c) unauthorized access, including so-called "hacking," and other unlawful activities by minors online, (d) unauthorized disclosure, use, and dissemination of personal information regarding minors, and (e) restricting minors' access to harmful materials.

School complies with CIPA by deploying a Web content filtering product called -----, which categorizes Internet sites and sends updates to School site-based hardware. A process is in place for changing the categorization of Web sites. The following categorizations are currently in place:

- Obscenity and Pornography Filtering: ----- allows Schools and libraries to manage Internet access to over 90 URL categories pertinent to CIPA.
- Accurate Web Filtering: ----- offers the best-of-breed filtering database.
- Filtering of Search Engine Images: ----- filters inappropriate images that can be found in search engine query results.
- Monitoring: ----- monitors all network activity

Policy Management: -----allows customization of Internet policies, based on a user or group, with the ability to set appropriate policies based on age or need.

The following are some basic expectations for my online behavior:

I promise to respect the rights of others:

1. Passwords are not to be shared with anyone but the teacher.
2. No user is to try to discover another user's password.
3. No student user is permitted to access another user's private files.
4. No user is to create, view or forward offensive or disruptive sounds, text or images.
5. Treat others online as you would like to be treated.

I promise to respect the technology:

1. Never do anything to damage the equipment on purpose.
2. Never try things that you are not trained or permitted to do.

I promise to respect the law:

1. Do not copy work and call it your own.
2. Always give proper credit to the author for words and images included in your work.
3. Do not spread viruses or knowingly disrupt the online environment.

I promise to respect the purpose of School technology:

1. Non-educational games and personal use are not allowed on School equipment.
2. All work stored on School equipment belongs to the School and may be accessed by School personnel.

I understand that using School equipment is a privilege not a right. This privilege can be taken away if I do not act respectably and responsibly online. If I violate any School rules or break the pledge I will lose my technology and Internet privileges. I might also face disciplinary and/or legal actions.

Nepotism Policy

Purpose: The purpose of this nepotism policy is to protect the interests of Southeastern Academy when it is contemplating entering into an arrangement with an immediate family member of a member of the Board of Directors (the “Board”) or an employee of Southeastern Academy. This policy is intended to supplement but not replace any applicable state laws governing nepotism applicable to nonprofit and charitable corporations.

1. Before any immediate family, as defined in G.S. §115C-12.2, of any member of the Board or a charter school employee with supervisory authority shall be employed or engaged as an employee, independent contractor, or otherwise by the Board in any capacity, such proposed employment or engagement shall be: (i) disclosed to the Board and (ii) approved by the Board in a duly called open-session meeting.

The burden of disclosure of such a conflict of interest shall be on the applicable Board member or employee with supervisory authority. If the requirements of this subsection are complied with, Southeastern Academy may employ the immediate family of any member of the Board or a Southeastern Academy employee with supervisory authority.

2. No teacher or staff member that is immediate family of the chief administrator shall be hired without the Board evaluating their credentials, establishing a structure to prevent conflicts of interest, and notifying the Department, with evidence, that this process has occurred.

The term “immediate family member” means a spouse, parent, child, brother, sister, grandparent, or grandchild. The term includes the step, half, and in-law relationships.

Promotion and Retention Policy

In order for a student to be promoted, the following criteria must be met as set forth by The Southeastern Academy Charter School Board of Directors and North Carolina State Law:

1. All students shall meet all attendance requirements.
2. All students shall earn a yearly average of 70 or above to pass any subject area.
3. All students must pass Language Arts, Mathematics, and Science at or above the minimum acceptable grade level.

The following additional criteria will be used in the decision to promote or retain a student:

1. Academic promotion requirements which are specified in a student's Individualized Education Plan (IEP) shall establish the promotion standards by which students with an IEP will be promoted. Any academic requirements for promotion stated in this policy which are not modified in a student's IEP shall remain as a requirement for promotion.
2. An evaluation of a number of assessments; including end-of-grade scores, achievement of mastery, and other additional academic considerations specific to grade level and the School philosophy.
3. Teacher recommendation to the Principal/Administrator.
4. No student will be retained for athletic purposes.

We believe students' progress at their own rate and the significance of their age and/or grade level is deemphasized. There are times, however, when it is believed that it would benefit a student to spend an additional year at the same grade level. The State of North Carolina has vested all final promotion authority with the Principal/Administrator of Southeastern Academy Charter School. A parent who does not agree with the decision to retain may appeal the decision as set forth in the Grievance Policy for Southeastern Academy Charter School.

Title IX Discrimination and Harassment Policies

For Students and Staff Members

Title IX provides that “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.”

It is the policy of THE SCHOOL that students should not be subjected to forms of unlawful discrimination or harassment, while at school or school-sponsored activities. Furthermore, the policy’s intent is to address the issue in a proactive manner through the establishment of a system for educating students and staff at the School regarding the identification, prevention, intervention, and reporting of such anti-social acts. The School acknowledges the dignity and worth of all students and strives to create a safe, orderly, caring and inviting school environment to facilitate student learning and achievement. The School strives to model an inclusive environment and prohibits discrimination and harassment on the basis of gender or sex, including sexual orientation and LGBTQ+ identification. The School will not tolerate any form of unlawful discrimination or harassment in any of its educational or employment activities or programs based on such protected classifications.

A. PROHIBITED BEHAVIORS AND CONSEQUENCES

1. Discrimination or Harassment

Students, employees, contractors, volunteers and visitors are expected to behave in a civil and respectful manner. In accordance with Title IX, the School expressly prohibits discrimination or harassment, based on sex or gender and prohibits sexual harassment (including sexual violence) and gender-based harassment. Sexual harassment is unwelcome conduct of a sexual nature. It includes unwelcome conduct on the basis of sex, requests for sexual favors in exchange for benefits (quid pro quo), and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual violence is a form of sexual harassment. Sexual violence refers to physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent. A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual abuse, and sexual coercion. In accordance with Title IX, the School also prohibits gender-based harassment, which is unwelcome conduct based on a student’s sex, harassing conduct based on a student’s failure to conform to sex stereotypes.

Sex-based harassment can be carried out by school employees, other students, and third parties. All students can experience sex-based harassment, including male and female students, LGBTQ+ students, students with disabilities, and students of different races, national origins, and ages. Title IX protects all students from sex-based harassment, regardless of the sex of the parties, including when they are members of the same sex.

2. Retaliation

The School prohibits intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint,

testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under Title IX. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation. As such, the School prohibits reprisal or retaliation against any person for reporting or intending to report violations of this policy, supporting someone for reporting or intending to report a violation of this policy, or participating in the investigation of reported violations of this policy. After consideration of the nature and circumstances of the reprisal or retaliation and in accordance with applicable laws, policies, and regulations, the Head of School or designee shall determine the consequences and remedial action for a person found to have engaged in reprisal or retaliation.

The exercise of rights protected under the First Amendment does not constitute retaliation. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under Title IX does not constitute retaliation prohibited under this policy, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

B. APPLICATION OF POLICY

This policy prohibits unlawful discrimination or harassment by students, employees, volunteers, contractors, and visitors. This policy is intended to apply to student's vis a via other students, faculty, staff, volunteers/visitors, or contractors. This policy also applies to employees, volunteers/visitors, and contractors. This policy applies to behavior that takes place within the School's "education program or activity," which includes, but is not necessarily limited to, behavior:

1. in any school building or on any school premises before, during or after school hours;
2. on any bus or other vehicle as part of any school activity;
3. at any bus stop;
4. during any school-sponsored activity or extracurricular activity;
5. at any time or place when the individual is subject to the oversight and authority of school personnel;
6. at any time or place when the behavior has a direct and immediate effect on maintaining order and discipline in the schools; and
7. while using school or personal electronic communications, including employee and student emails, text messaging, instant messaging, chat rooms, blogging, websites and social networking websites (i.e., Snapchat or Instagram).

C. DEFINITIONS

For purposes of this policy ONLY, the following definitions apply:

1. Discrimination

Discrimination means any act or failure to act that unreasonably and unfavorably differentiates treatment of others based solely on the basis of gender or sex (including transgender and LGBTQ+ identification). Discrimination may be intentional or unintentional.

2. Harassment

Prohibited harassment, including sexual harassment, under this policy means conduct on the basis of sex/gender that satisfies one or more of the following:

1. An employee conditioning the provision of an aid, benefit or service on an individual's participation in unwelcome sexual conduct (i.e., quid pro quo)
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectively offensive that it effectively denies a person equal access to an education program, employment, or activity (i.e., hostile environment)
3. Sexual assault (as defined by Clery Act), or "dating violence," "domestic violence" and "stalking" (as defined by Violence Against Women Act).

For purposes of this policy, "hostile environment" means that the harassment is objectively severe and pervasive enough that a reasonable person would agree that it is harassment and must be based on sex or gender. A hostile environment may be created through pervasive or persistent misbehavior if sufficiently severe.

Examples of behavior that may constitute harassment include, but are not limited to, verbal taunts, name-calling and put-downs, epithets, derogatory comments or slurs, lewd propositions, exclusion from peer groups, extortion of money or possessions, implied or stated threats, assault, impeding or blocking movement, offensive touching or any physical interference with normal work or movement, and visual insults, such as derogatory posters or cartoons. Legitimate age-appropriate pedagogical techniques are not considered harassment. Harassment, including sexual or gender-based harassment, is not limited to specific situations or relationships. It may occur between fellow students or co-workers, between supervisors and subordinates, between employees and students, or between non-employees, including visitors, and employees or students. Harassment may occur between members of the opposite sex or the same sex.

Examples of sexually harassing conduct includes, but is not limited to, deliberate, unwelcome touching that has sexual connotations or is of a sexual nature, suggestions or demands for sexual involvement accompanied by implied or overt promises of preferential treatment or threats, pressure for sexual activity, continued or repeated offensive sexual flirtations, advances or propositions, continued or repeated verbal remarks about an individual's body, sexually degrading words used toward an individual or to describe an individual, sexual violence, or the display of sexually suggestive drawings, objects, pictures or written materials. Acts of verbal, nonverbal, or physical aggression, as well as intimidation or hostility based on sex, but not involving sexual activity or language, may be combined with incidents of sexually harassing conduct to determine if the incidents of sexually harassing conduct are sufficiently serious to create a sexually hostile environment.

Gender-based harassment is also a type of harassment. Gender-based harassment may include acts of verbal, nonverbal, or physical aggression, as well as intimidation or hostility based on sex or sex-stereotyping but not involving conduct of a sexual nature.

3. Conduct Not Covered by This Policy

Conduct that does not meet the definitions set forth above in this Title IX Policy are not subject to the School's Title IX Policy or any reporting/grievance procedures that govern Title IX matters. However, such conduct may still constitute a violation of other School policy, including the School's Code of Conduct, non-discrimination policy, and bullying policy. Please refer to and follow those policies for such conduct.

TO REPORT A VIOLATION OF THIS POLICY: PLEASE REFER TO THE SCHOOLS TITLE IX REPORTING AND GRIEVANCE POLICY.

This Policy as it pertains to Title IX shall remain in effect to the extent required by law.

Non-Title IX

Discrimination, Harassment, and Bullying Complaint Process

The School takes seriously all complaints of discrimination, harassment, and bullying. The process provided in this policy is designed for those individuals who believe that they may have been discriminated against unlawfully, bullied, or harassed in violation of the School's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy. Individuals who have witnessed or have reliable information that another person has been subject to unlawful discrimination, harassment, or bullying also should report such violations in the manner provided in this policy. Reports may be made anonymously. This policy does not apply where an individual seeks to assert allegations regarding or related to the identification, evaluation, educational placement, or free appropriate public education of a student under Section 504 or the IDEA, such allegations may be raised through the procedures governing such matter. This Policy also does not apply to Title IX complaints, behavior falling within Title IX or Title VII complaints. Please refer to the School's policies for Title IX and VII matters.

A. Reporting by Employees or Other Third Parties

1. Mandatory Reporting by School Employees

Any employee who witnessed or who has reliable information or reason to believe that an individual may have been discriminated against, harassed, or bullied in violation of School Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy must report the offense immediately to an appropriate individual designated in subsection B.1., below. An employee who does not promptly report possible discrimination, harassment, or bullying shall be subject to disciplinary action.

2. Reporting by Other Third Parties

All members of the school community including students, parents, volunteers, and visitors are also strongly encouraged to report any act that may constitute an incident of discrimination, harassment, or bullying.

3. Anonymous Reporting

Reports of discrimination, harassment, or bullying may be made anonymously, but formal disciplinary action may not be taken solely on the basis of an anonymous report.

4. Investigation of Reports

Reports of discrimination, harassment, or bullying under this policy will be investigated sufficiently to determine whether further action under this policy or otherwise is necessary, and school officials shall take such action as appropriate under the circumstances. At the option of the alleged victim, the report may be treated as a complaint by the alleged victim under this policy.

B. Complaints Brought by Alleged Victims of Discrimination, Harassment, or Bullying

1. Filing a Complaint

Any individual who believes that he or she has been discriminated against, harassed, or bullied in violation of the School's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy is strongly encouraged to file a complaint orally or in writing to the following individuals as applicable:

- a. the school counselor, teacher, dean of students, principal or assistant principal of the School for any claim of discrimination, harassment or bullying, including Title VI complaints;
- d. the Title IX coordinator for claims of sex discrimination or sexual harassment;
- c. the Section 504 coordinator or the ADA coordinator for claims of discrimination on the basis of a disability;
or
- d. any member of the Board if the alleged perpetrator is the Head of School.

2. Time Period for Filing a Complaint

A complaint should be filed as soon as possible but no later than 30 days after disclosure or discovery of the facts giving rise to the complaint. Complaints submitted after the 30-day period may be investigated at the discretion of school officials and outside the formal process described in Section C of this policy; however, individuals should recognize that delays in reporting may significantly impair the ability of school officials to investigate and respond to such complaints.

3. Informal Resolution

The School acknowledges that many complaints may be addressed informally through such methods as conferences or mediation. The School encourages the use of informal procedures such as mediation to the extent possible; however, mediation or other informal procedures will not be used to resolve complaints alleging sexual assault or sexual violence or complaints by a student of sexual harassment perpetrated by an employee. Informal procedures may be used only if the parties involved voluntarily agree. Any informal process should be completed within a reasonable period of time, not to exceed 30 days unless special circumstances necessitate more time.

C. Process for Addressing Complaints of Alleged Incidents of Discrimination, Harassment, or Bullying

1. Initiating the Investigation

- a. Whoever receives a complaint of discrimination, harassment, or bullying pursuant to subsection B.1. shall immediately notify the Principal who shall designate an individual to conduct an investigation and respond to the complaint, such individual may be a school employee or outside consultant.
- b. As applicable, the investigator shall immediately notify the Title IX , or other relevant coordinator of the complaint, and, as appropriate, may designate the coordinator to conduct the investigation.
- c. The investigator shall explain the process of the investigation to the complainant and the alleged perpetrator.
- d. Written documentation of all formal reports and complaints, as well as the school system's response, must be maintained in accordance with the School's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy.
- e. Failure to report, investigate, and/or address claims of discrimination, harassment, or bullying may result in disciplinary action.

2. Conducting the Investigation

- a. The investigator is responsible for determining whether the alleged act(s) constitutes a violation of the Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy. In so doing, the investigator shall impartially, promptly, and thoroughly investigate the complaint. The investigator shall interview (1) the complainant; (2) the alleged perpetrator(s); (3) individuals identified as witnesses by the complainant or alleged perpetrator(s); and (4) any other individuals, including other possible victims, deemed likely to have relevant information. The alleged perpetrator shall be notified of the general nature of the allegations. The investigation will include a review of all evidence presented by the complainant or alleged perpetrator.

If the investigator, after receipt of the complaint, an interview with the complainant, and consultation with the board attorney, determines that the allegations submitted, even if factual, do not constitute discrimination, harassment, or bullying as defined in School's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy, the matter will be treated outside the scope of this policy. Information regarding the investigator's determination and the process for addressing the complaint will be provided to the complainant.

- b. The complaint and investigation will be kept confidential to the extent possible. Information may be shared only with individuals who need the information in order to investigate and address the complaint appropriately and those with a legal right to access the information. Any requests by the complainant for further confidentiality will be evaluated within the context of the legal responsibilities of the school system.
- c. The investigator shall review the factual information gathered through the investigation to determine whether, based on a preponderance of the evidence, the alleged conduct constitutes discrimination, harassment, or bullying, giving consideration to all factual information, the context in which the alleged

incidents occurred, the age, and maturity of the complainant and alleged perpetrator(s), and any other relevant circumstances.

3. Notice to Complainant and Alleged Perpetrator

a. The investigator shall provide written notification to the complainant of the results of the investigation within 15 days of receiving the complaint, unless additional time is necessary to conduct an impartial, thorough investigation. The investigator shall specify whether the complaint was substantiated and, if so, shall also specify:

- 1) reasonable, timely, age-appropriate, corrective action intended to end the discrimination, harassment, or bullying, and prevent it from recurring;
- 2) as needed, reasonable steps to address the effects of the discrimination, harassment, or bullying on the complainant; and
- 3) as needed, reasonable steps to protect the complainant from retaliation as a result of communicating the complaint.

b. Information regarding specific disciplinary action imposed on the alleged perpetrator(s) will not be given to the complainant unless the information relates directly to the complainant (e.g., an order requiring the perpetrator not to have contact with the complainant).

c. If the investigator determines that the complaint was substantiated, the perpetrator(s) shall be subject to discipline or other corrective steps, as set forth in School policy. If the corrective steps involve actions outside the scope of the investigator's authority, the Head of School or designee will be notified so that responsibility for taking the corrective steps may be delegated to the appropriate individual.

d. The alleged perpetrator will be provided with a written summary of the results of the investigation in regard to whether the complaint was substantiated, whether the alleged perpetrator violated relevant law or School policies by his or her actions, and what, if any, disciplinary actions or consequences may be imposed upon the perpetrator in accordance with School policy. The perpetrator may appeal any disciplinary action or consequence in accordance with School policy and law. However, an appeal by the perpetrator of disciplinary action does not preclude school officials from taking appropriate action to address the discrimination, harassment, or bullying.

4. Appeal

a. If the complainant is dissatisfied with the results of the investigation, he or she may appeal the decision to the Head of School. The appeal must be submitted in writing within ten days of receiving the notice of the results of the investigation. The appeal must state with particularity whether the complainant is appealing (1) the investigator's determination of whether the alleged conduct constitutes discrimination, harassment, or bullying in violation of the School's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy, or (2) the School's response to any violation, including the appropriateness of any remedial measures taken by the district. If the complainant is appealing pursuant to option (2), he or she must state what additional measures the complainant believes should have been taken by the district. The Head of School or designee may review the documents, conduct any further investigation necessary, or take any other steps the Head of School or designee determines to be appropriate in order to respond to the complaint. The Head of School or designee shall provide a written response within 10 days after receiving the appeal, unless further investigation is needed. The Head of School's decision is final.

b. If the alleged perpetrator is the Head of School or the Head of School declines to hear the appeal and refers it to the Board of Directors, the complainant may appeal the decision in writing within ten days of receipt directly to the Board of Directors. The appeal must state with particularity whether the complainant is appealing the Superintendent's decision with regard to (1) the investigator's determination of whether the alleged conduct constitutes discrimination, harassment, or bullying in violation of School's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy, or (2) the School's response to any violation, including the appropriateness of any remedial measures taken by the School. If the complainant is appealing pursuant to option (2), he or she must state what additional measures the complainant believes the

School should have taken. Upon receipt of the appeal, the Board Chair shall appoint a panel of not less than two members of the Board to hear and decide the appeal. The panel shall make reasonable efforts to meet and consider the appeal within twenty days after the chairperson refers the grievance to the panel. The panel shall review the complaint on the record unless it determines that additional information may be presented. No new evidence, written or verbal, may be presented without the prior knowledge and consent of both parties. At the Board Panel's discretion, they may hold a hearing and ask each party may make a brief oral presentation of no more than twenty minutes to summarize his or her position. The panel has the authority to ask questions, extend time limits, exclude extraneous or duplicative information, and otherwise maintain an efficient and fair appeal hearing. If a hearing is held, it will be recorded and shall be held in closed session. The Board panel may affirm, reverse or modify the decision. The Board panel shall use the preponderance of the evidence standard in reaching its decision. The Board panel will provide a final written decision within twenty days after the Board hearing unless the panel determines that additional time is needed for further review. The decision of the Board panel shall be final.

D. Timeliness of Process

If any school official charged with investigating the complaint or reviewing the investigation fails at any step in the process to communicate a decision within the specified time limit, the complainant will be entitled to appeal the complaint to the next step unless the official has notified the complainant of the delay and the reason for the delay. The school official shall make reasonable efforts to keep the complainant apprised of progress being made during any period of delay. Delays that interfere with the exercise of any legal rights are not permitted.

Failure by the complainant at any step in the process to appeal to the next step within the specified time or to attend a scheduled meeting or hearing under this policy will be considered acceptance of the results of the investigation and the School's response to the complaint, unless the complainant provided notice of the delay and the reason for the delay and the district consented in writing to the delay.

E. General Requirements

1. No reprisals or retaliation of any kind will be taken by the Board or by any School employee against the complainant or other individual on account of his or her filing a complaint or report or participating in an investigation of a complaint or report filed and decided pursuant to this policy. Disciplinary or other action may be taken against the complainant or other individual if the person knew or had reason to believe that the complaint or report was false or knowingly provided false information.
2. All meetings and hearings conducted pursuant to this policy will be private.
3. The complainant may be represented by an advocate, such as an attorney, at any meeting with the School under this policy. Should the complainant choose to be represented by an attorney, an attorney for the School may also be present.
4. Nothing in this policy shall prevent the Head of School or Board from suspending the alleged perpetrator without pay during the course of the investigation or taking any other action deemed appropriate.

F. Records

Records will be maintained as required by School's Non-Title IX Prohibition Against Discrimination, Harassment, and Bullying Policy.

Special Education/Exceptional Children

Every child has the right to an education, regardless of age, culture, disabilities, gender, or race. It is the goal of the School to provide educational opportunities for all students.

It is the School's policy to provide special education services. All students with special needs have the right to a quality education appropriate to their needs, abilities, and interests. The special education staff acts as a

resource to the classroom teacher in the development and implementation of appropriate instructional and socialization strategies. Implementation of these strategies occurs within the general education setting and through one-on-one and small group remediation.

The Individual Education Plan

The School will comply with all federal and state legal requirements that every student identified as having a disability be provided an Individual Educational Program (IEP) specifying goals, level of service, ancillary services, and the least restrictive placement. Prior to the opening of School, registration forms are reviewed to identify current IEPs from previous Schools attended. The parents are fully informed of their rights, procedures, and responsibilities under special education law.

Evaluations and Program Planning

The program and services for students receiving special education services are reviewed on an annual basis and the IEP team is required to formally review and discuss each special education students' eligibility at least every 36 months. At their annual and three-year reviews; parents/ guardians, general and special education providers, and building administration, review current progress in general and special education programs and services and consider parental input that impacts the students' academic growth and proficiency. Based on the discussion of these factors, the IEP team may develop goals and objectives for the continuing programs and services of the students, seek further evaluations to address deficits, or determine that a child may be exited from one of more special education program or service. Parents are informed of student progress at least four times per year at quarterly marking periods. Progress is also shared through personal contacts, telephone calls, and written information/feedback.

Educational Place of Students with Disabilities

The School is committed to educating students in the least restrictive environment in order to meet their educational needs as determined by our professional team of general and special providers, administrators, and each child's parent or guardian.

Parent Participation

Parents have the expressed right to participate in all meetings dealing with the evaluation, identification, and educational placement of their child. Information concerning a child will be requested of his/her parent/ guardian during the SAP process, and the parent/ guardian will be requested to participate in subsequent meetings.

Individuals with Disabilities Education Act (IDEA)

The School is in compliance with the major changes in special education law under the revisions made in IDEA 2004. As each state clarifies their interpretation of IDEA 2004, the School will adhere to these state specific policies and rules. Parents have the right to review their child's records and to refuse permission to release information (except as required or permitted by law).

Rehabilitation Act of 1973

Section 504 of the Rehabilitation Act of 1973, 29 USC 794, (sometimes referred to as "504") prohibits discrimination against individuals with disabilities solely on the basis of their disability. Our School is committed to serving all children and expects its employees to be knowledgeable about School procedures governing Section 504 activities, grievance procedures for resolving Section 504 complaints, and parent and students rights. If you have Section 504 questions, please contact the School 504 Coordinator.

General Information

Emergency School Closing

An emergency School closing is defined as a cancellation of part or all of a normally scheduled school day due to any reason that may endanger the safety of our students and staff including but not limited to: inclement weather, electrical failures, and water system failure. The School Principal will make all decisions regarding School delays or closures due to inclement weather. The School will not necessarily follow other School or School district closing/delay decisions. School cancellation or a delayed opening will be communicated through

an email to all parents and staff, our Facebook page, the school website, our Instagram and Twitter, and OneCallNow.

Weather Warnings and Watches

The School has a crisis plan, which is located in every classroom. The crisis plan addresses emergency situations, including but not limited to alarm, emergency exit routes, emergency backpacks, severe thunderstorm watch or warning, tornado watch, fire and tornado drills, windows and doors, and lockdown procedure. If you have any questions about the crisis plan contact the Principal.

Emergency Contact Information

Before the start of the School year, each child must have on file in the School office a student enrollment form that contains health information, emergency telephone numbers, and parent signatures. Changes in this information at any time during the School year should be reported to the office immediately.

Fire Drills

Fire drills, at regular intervals, are an important safety precaution. It is essential that when the first signal is given, everyone obeys orders promptly and clears the building by the prescribed route as quickly as possible. The signal will be the fire alarm going off. The alternate signal will be a runner to each classroom. No one should return to the building until the all-clear signal is given.

Smoke-Free School

The School is a **SMOKE-FREE FACILITY**. Smoking or use of any tobacco products/vape is strictly prohibited on School property or at school related event:

- In the building
- On the grounds
- On School vehicles
- In the presence of students
- At school events

Payments Made to School

Checks to the school are made payable to: Southeastern Academy Charter School. Checks are turned into the Homeroom Teacher and receipted. If a check bounces, the school has the right to require certified check or cash only.

Lunch and Snack

At this time, students should bring a lunch to school each day. They will also need a snack.

Field Trips

When students travel away from School, they are subject to the same rules, regulations, and appropriate politeness observed at the School. As in the classroom, the teacher will judge behavior as acceptable or unacceptable. Misbehavior or disregard of School policies can and will result in denial of field trip privileges. Signed permission slips must be on file with the teacher for each student on each field trip.

Personal Items

The School will not accept responsibility for the personal items of students. We expect students to leave belongings that are not necessary for their education at home. Any personal items that staff members judge to be unsafe, inappropriate for School, or interfering with students' educational focus will be confiscated and held in the office or remain in the possession of a staff member until the parents retrieve them. Such items may be subject to search. The School shall not be responsible for any items lost or damaged while in its possession.

Students shall not possess cell phones, PDAs, iPods, MP3 players, video equipment, cameras, gaming devices, and electronic devices during the instructional day at School or School-related events. The possession of such electronic devices during those restricted times constitutes the consent to the search (either in the presence of the students possessing the device(s) or outside that students' presence) and confiscation of the device(s) by School personnel. Confiscated devices may be returned to the parent/guardian at the end of the School day.

Coaches and personnel in charge of extracurricular activities may make exceptions to this rule upon obtaining the principal's permission.

Any exceptions to this general rule sought by parents for specific health or safety concerns should be brought to the attention of the principal. The principal's determination is final.

Curriculum, Academics, Promotion, and Retention

Curriculum

At Southeastern Academy Charter School, learning is student centered and activities are based on developmental levels of individual students. While our general curriculum follows the North Carolina Standard Course of Study, and is augmented by the Core Knowledge curriculum, students' interest and needs are evaluated in curriculum planning. Stimulating, enriching activities may be observed in all classrooms as students are provided concrete experiences in each course of study. Each student is challenged to reach their greatest potential through a nurturing environment and relevant, motivating activities.

Promotion and Retention Policy

In order for a student to be promoted, the following criteria must be met as set forth by The Southeastern Academy Charter School Board of Directors and North Carolina State Law:

4. All students shall meet all attendance requirements.
5. All students shall earn a yearly average of 70 or above to pass any subject area.
6. All students must pass Language Arts, Mathematics, and Science at or above the minimum acceptable grade level.

The following additional criteria will be used in the decision to promote or retain a student:

5. Academic promotion requirements which are specified in a student's Individualized Education Plan (IEP) shall establish the promotion standards by which students with an IEP will be promoted. Any academic requirements

for promotion stated in this policy which are not modified in a student's IEP shall remain as a requirement for promotion.

6. An evaluation of a number of assessments; including end-of-grade scores, achievement of mastery, and other additional academic considerations specific to grade level and the School philosophy.
7. Teacher recommendation to the Principal/Administrator.
8. No student will be retained for athletic purposes.

We believe students' progress at their own rate and the significance of their age and/or grade level is deemphasized. There are times, however, when it is believed that it would benefit a student to spend an additional year at the same grade level. The State of North Carolina has vested all final promotion authority with the Principal/Administrator of Southeastern Academy Charter School. A parent who does not agree with the decision to retain may appeal the decision as set forth in the Grievance Policy for Southeastern Academy Charter School.

Parent Conferences

We at Southeastern Academy Charter School believe that children learn better when home and School cooperate. The teachers and staff will strive to maintain open lines of communication with parents. Parents are expected to provide support to SEA staff and faculty, and all communication shall be done in a calm and positive manner.

Conferences between parents and teachers are scheduled in the fall of each School year. The purpose of conferences is to set goals, report progress, make cooperative plans, and compare notes.

The following procedures should be followed if parental concerns arise:

1. Teacher/Parent phone call
2. Teacher/Parent conference
3. Teacher/Parent/Administration conference
4. If the matter remains unresolved, the parent should follow the School grievance procedure.

Extracurricular Eligibility**Academic Eligibility:**

1. Students must maintain at least a “C” average or above in each subject in order to be eligible for a School sport.
2. The student must maintain Southeastern Academy’s minimum “C” standard during the time they are participating on one of the School’s athletic teams in order to remain eligible.

Student Behavior:

DOLPHIN HONOR CODE: As a member of the Southeastern Academy Charter School family, I agree to show respect for myself, my classmates, others, and my School at all times and I will ensure that my actions never impede the learning process for myself or my fellow students.

1. Students must maintain their behavior at all times using the Dolphin Code of Behavior as a guide.
2. Misbehavior during the School day or un-sportsman like conduct at an event may result in the student being suspended or removed from the sport.
3. Out of School suspension (OSS) will result in an automatic removal of a student from representing the School for the remainder of that sport season.
4. In-School Suspension will result in the student being suspended from practice and/or games.

Attendance:

1. Students who represent the School are expected to be in attendance everyday unless there is an excused absence that occurs under Southeastern Academy’s attendance policy.
2. On the day of a game, students will be permitted to play if they have an excused absence under Southeastern Academy’s attendance policy. Communication between School administration/faculty and coaches will be maintained in order to enforce and maintain this policy.
3. If a student stays long enough at School on the day of a game to get credit for attending School that day they will be permitted to play.

Coaches Rules:

The coach of each Southeastern Academy Charter School team will establish their own rules beyond the School rules listed above. (Examples are game day attire, attendance at practice, unsportsmanlike behavior, and any other rules important to coaching.) A coach’s expectations will be communicated with the Athletic Director and Southeastern Academy Charter School faculty to hold athletes accountable to their specified “standards”.

Tryouts vs. All Inclusion:

Southeastern Academy Charter School has grown and will continue to grow in the future.

1. If a sport has more than enough interest the coach will host tryouts in order to keep the number of participants at a reasonable level. *Example: 20 students signed up for the boys' basketball team: Due to the large number we would host tryouts and keep about 12 players.*
2. However, if tryouts are not necessary because the number of interested participants can all be included we will not host tryouts. *Example: If 14 players signed up for girls' soccer then we could keep all 14 because it takes 11 to play at one time.*
